

What a great week for PE at Crowmarsh. It was wonderful to see so many children take on a personal challenge at the School's fun run on Sunday.

Here's a report from mid-May following on from Year 6 SATs -

A fun Tag Rugby Tournament was held for our Year 6 pupils on a sunny Thursday afternoon to help them relax and let off some steam following the end of their SATs and a week of focus and concentration.

Set out over 2 hours, Mr Baroni ran the event in their House Teams, playing 7-a-side games which culminated in a knock-out competition and a Grand Final. In what was a well contested last match, the Tudors beat the Victorians in narrow victory. This complimented other coaching that he has been running.

Aside from the results, our Year 6 pupils showed a real willingness to get involved despite many of them not having played before. Even those who were slightly unsure about this new sport soon made a great contribution to their team and some may even have surprised themselves a little at how quickly they improved over the course of the session.

The focus of this event was definitely on fun but equally important were the concepts of team play, fair play and effort. The Year 6 pupils also ran the lines, scored and helped referee in parts, showing great maturity as they transition into young adults.

The Year 6 TAG Rugby tournament took place at the iconic Iffley Road Ground of Oxford University Rugby Club yesterday (photos will be on the website soon). Our Captain Cameron led the dedicated players who worked together well as a team. A special thank you to Mrs Millbourn who helped ensure that the children could take part in the tournament. Mrs Millbourn commented "the children were a credit to the school, they supported each other and tried really hard, particularly in the heat".

We have rounders, swimming and tennis tournaments taking place following the half term holidays. Extra rounders coaching has taken place this week thanks to Mrs Hermesen.
