

Dear Parents/Carers,

We are very grateful for all the time Mr Lemaire gave to our school over the years and especially the time he committed to our choir. We need to continue to give children the regular time to develop and practise their skills in school. Over the next few weeks I am hoping to understand a little more about what the children would like for their school choir. It is my intention to try and find what and when is going to suit the majority of the school to enable as many children as possible be part of the choir. Please fill in the questionnaire below so that I can find more information about what the children would like for their choir in Crowmarsh Gifford School.

Many thanks for your time,

Miss Zimmerman
