

Maths Recall Facts

Year 4

Times tables

This year we will have a display in the classroom which will keep track of which times tables your children know and which they need to learn. The end of year expectations for times tables are as follows:

Y3 - 2,3,4,5,8,10

Y4 - ALL TABLES FACTS TO 12×12

The three stages of knowing the tables are as follows:

- Learn them so you can say them without stopping: $1 \times 4 = 4$, $2 \times 4 = 8$, $3 \times 4 = 12$, $4 \times 4 = 16$
- Be able to answer questions out of order and in reverse: what is 5×3 , what is 2×3 , what is 3×8 ?
- Be able to answer related division: what is $12 \div 6$, what is $66 \div 6$, what is $36 \div 6$?

Any help you can provide for your child will be greatly appreciated. Here are some websites that offer games, grid challenges and interactive tests:

<http://www.maths-games.org/times-tables-games.html>
