

Class 4 Take Away Homework!

Spring 2 2017

Choose your homework from the menu below:

The Peri-ometer suggests the difficulty or challenge the homework may offer.

- You should hand in one piece of work every week (by Friday)
- Every term you should attempt at least one 'EXTRA HOT' task, you can have 2 weeks for this!

Can you make a musical instrument using junk materials from home? Does it play high and low sounds? Can you make quiet and loud sounds? (Please note we will also be doing this in class at the end of the topic)

Create a mini-project about a European country or a region of a European country. What interesting information can you find out about the country?

Stig invents items to help him at home from things he finds in the dump. Can you invent something useful and make it from junk modelling?

Help someone at home to make a meal. Write down the recipe and take a photo.

Write an imagined discussion with someone who is struggling to understand one of our Maths topics. What could you say to them to help their understanding?

What can you find out about populations of European countries? How do they compare with each other? Which countries have the largest/ smallest population?

How does sound travel to our ears? Produce an explanation and include a diagram.

Stig loves living in the dump and he has everything that he needs around him. If you could live anywhere, where would it be and why? Be imaginative!

Produce an information leaflet about Lent. Use what you already know plus your own research.

Can you try some new foods? Write down the name of the food that you tried and whether you liked it or not! How many new foods can you try?

Create a quiz or word search linked to our Science topic 'Sound'.

Draw a map of a European country and/ or a European flag. Can you write down 5 facts about that country/ flag?
