History

Think about changes in living memory.

- Has your house, garden or street changed?

Visit to Oxford Castle to investigate how castles were used as homes in the past.

Walk around Crowmarsh Village with Mr Hannigan to find out about how it has changed.

Who's the king of the castle?

ICT

Word processing –
labelling/captions/directions
Data Handling - Graphs and charts

Science

(Materials – Describe simple physical properties of everyday materials)
Investigate the different materials that houses and homes are made from. Begin to think about why these particular materials are used.
Investigate how building materials have changed over time.

D.T/Art

Draw a picture of your home
Design and draw/paint a fantasy castle
Observational drawings of items used in homes/castles in the past.
