

Literacy

Instructions

Traditional tales from a variety of cultures

Poetry - The Senses

Stories involving fantasy

Recounts - Diaries

Humorous poems

Continue to apply phonic knowledge and skills as the route to decode words until automatic decoding has become embedded and reading is fluent

Handwriting.

Learn to join writing, leave spaces between words and use capital letters.

Use punctuation.

Plan, write and evaluate work.

Check for errors, spellings and punctuation. Read aloud own work.

Maths

Place value and ordering 2-digit numbers; place value additions and subtractions; add and begin to subtract 9, 10 and 11

Revise number bonds to 10; begin to bridge 10; subtract from 10 and 20; use number facts to find the complement to ten; find a difference between two numbers by counting on

Rehearse complements to multiples of 10; find differences using a number line; find change from 10p and 20p, and from £10 to £20 by counting up and using bonds to 10 and 20; add two 2-digit numbers by counting on

Recognise and identify properties (including faces and vertices) of 3D shapes; sort according to properties including number of faces; name the 2D shapes of faces of 3D shapes; tell the time to the nearest quarter on analogue and digital clocks

Order 2-digit numbers and revise the < and > signs; locate 2-digit numbers on a landmarked line and grid; round 2-digit numbers to nearest 10; estimate a quantity <100 within a range

Mental multiplication and division Fractions, ratio and proportion

Problem solving, reasoning and algebra Measurement Statistics

Mental addition and subtraction

Place value Partition numbers Add and subtract Estimate Measure

Time 2D shapes Symmetry Doubles and halves Money

Science - Changing Materials

Understand that:

- * there are many different materials that have different properties and different uses.
- * there are some materials that change shape when forces are exerted on them. Collect information in a table.
- * some materials are natural and some are not (manufactured).
- * materials often change when they are heated.
- * water is a material that can be changed by heating and cooling.

Understand how to plan and carry out a fair test
