

Animals Including Humans

Curriculum Objectives:

- identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat
- identify that humans and some other animals have skeletons and muscles for support, protection and movement

	1	2	3	4	5
Objective	What do we already know about: - Nutrition in animals and humans. - Skeletons - Muscles - Parts of the body and their functions	Identify that animals, including humans, need the right types and amount of nutrition	identify that humans and some other animals have skeletons	identify that humans and some other animals have muscles	identify parts of the body and their functions
